

A1: ΚΑΤΑΝΟΗΣΗ ΓΡΑΠΤΟΥ ΛΟΓΟΥ

1: The original title to the text is :

"The vital but invisible early lessons that last a lifetime"

Any title with the idea of good parenting skills for emotionally psychologically sound children would be acceptable.

2: Parents should not base themselves on external factors but develop a child's inner being raising happy healthy children.

3: Some advice to parents would be to focus on promoting inner well-being (self-esteem, empathy, curiosity and affection) by being a good role model the first seven years of a child's life and enhancing their intuitive abilities.

Γ. ΠΑΡΑΓΩΓΗ ΓΡΑΠΤΟΥ ΛΟΓΟΥ

Your essay is an article so it should consist of a title and at least 4 paragraphs

Your basic ideas should centralize around **your opinion** on the impact social media has on our relationships whether good or bad and **three personal examples**.

A basic plan for the essay would be:

TITLE

Introduction: Basic idea of social media's impact

State opinion (+) convenience of social media ,wider range of people to get to know

(-) cyber bullying , masked personalities how true we are

Body 1: Expand on opinion (could include an example)

Body 2: Further 2 examples (or could be split into 2 paragraphs)

Conclusion: End off essay with reiterating basic idea (what would enhance it would be a quote, rhetorical question or a thought-provoking question)

Don't forget each and every essay is unique!!!!!!!!!!!!!!

All the best,
